Dear LES Families,

I would like to extend a huge thank you for your patience in getting you the information that you need to plan for the three week MA school closure. A special thank you for remaining positive during this unprecedented time.

LES (and all U28 schools) will be providing families with optional enrichment activities to support student learning at home during this period. We will not be engaging in distance/remote learning. The ways in which enrichment activities will be shared with you include:

- Classroom teachers will be sending whole class email messages (approx 2 times per week). Teachers are also available to answer questions and give more specific ideas, if needed, for your child.
- Specialists (art, music, physical education, library, and technology teachers) will share ideas via the classroom teachers and/or the school website
- Service providers (e.g., speech and language, occupational therapist, school psychologist, and student support staff) will be in communication with families with specific ideas or suggestions
- Resources will be shared on the school website and/or via a whole school email or classroom blogs.
- Note: **WGBH is partnering with the Massachusetts Department of Elementary and Secondary Education to provide digital learning via broadcast (e.g., TV) and digital platforms.** Stay tuned for more details.

SCHEDULE & ROUTINE

We encourage you to create a daily schedule with your child that includes outside play, arts and crafts, reading, and some enrichment activities. If you need support creating a schedule that could work for your child, please contact your child's teacher. LES teachers are happy to help you with this.

The U28 Central Office and LES Main Office will be staffed TU-TH 9:00AM - 2:00PM. Kate Rice and I are reachable via email and are available to speak by phone throughout the week.

Please feel free to reach out to me with any questions and concerns.

In much appreciation,

Rhonda
